SKILLS

- **Languages:** C/C++, Java, Bash Scripts
- **Cloud & Identity:** AWS, GCP (Google Cloud Platform), Huawei Cloud, Azure, Technical Support, CI/CD Pipeline, Microsoft Entra ID
- **Tools/Platforms:** Docker, Git, GitHub, Wireshark, Linux, Windows CMD
- **Concepts:** Data Structures & Algorithms (DSA), Cloud Computing, Computer Networking, Operating Systems, Scripting Knowledge
- **Soft Skills:** Problem-Solving Skills, Team Player, Adaptability

WORK EXPERIENCE

AI-Watania Information Systems, Riyadh, Saudi Arabia | [Salary Slip](#) | [Offer Letter](#) June 2026 – Present

DevOps Intern

- Managed GCP and Huawei Cloud infrastructure across approximately 40 VMs, monitoring resources, alarms, logs, and system health.
- Configured IAM auditing, custom alerts, CTS, Cloud Eye, SMN, and security monitoring for infrastructure protection.
- Managed Microsoft Entra ID credentials, application registration, API permissions, authentication, and cloud security documentation.
- **Tech Stack:** GCP, Huawei Cloud, Microsoft Entra ID, AWS, Linux, Bash, IAM, Cloud Monitoring, CTS, Cloud Eye, SMN

Sodexo – HLL Infra Tech

May 2024 – June 2024

Junior Biomedical Engineer – Apprentice Trainee (FME) | [Letter Of Intent](#)

- Inspected biomedical equipment and facility systems to support safe, reliable, and efficient healthcare operations.
- Assisted with preventive maintenance, equipment checks, troubleshooting, and identification of operational issues.
- Supported facility management, maintenance coordination, equipment inspections, record keeping, and workplace safety procedures.
- **Tech Stack:** Biomedical Equipment, Preventive Maintenance, Facility Management, Equipment Inspection, Safety & Compliance

PROJECTS

Multi-Cloud Monitoring | [GitHub](#) August 2026

- Engineered a simulation project for the university internship report, modeling real-world multi-cloud infrastructure workflows.
- Replicated GCP, Huawei Cloud, and Microsoft Entra ID events for monitoring, auditing, and alerting scenarios.
- Centralized simulated incidents using event normalization, severity-based alerts, audit trails, and security posture scoring.
- **Tech Stack:** GCP, Huawei Cloud, Microsoft Entra ID, IAM, Audit Logs, Cloud Monitoring, CTS, Cloud Eye, SMN

Nebula Cloud Drive | [GitHub](#)

April 2026

- Engineered a cloud storage platform supporting secure file management, sharing, collaboration, and storage tracking.
- Designed AWS architecture using S3, EC2, RDS, ALB, CloudFront, and VPC for scalable cloud storage.
- Tested the platform on AWS, validating deployment readiness for scalable cloud-based storage and management.
- **Tech Stack:** AWS, Amazon S3, EC2, RDS, ALB, CloudFront, VPC, Node.js, Express.js, JavaScript, HTML, CSS

TRAINING

WBPDCCL | Power Plant Trainee | [Verify Here](#)

October 2023

- Learned thermal power plant operations, equipment, safety procedures, and power generation processes.
- Participated in control room simulations, monitoring plant parameters and understanding boiler, turbine, generator, and auxiliary operations.
- Studied emergency protocols, alarm handling, and response procedures for abnormal plant conditions.

Abad Network For Training | CompTIA Network+ | [Verify Here](#)

August 2019

- Learned TCP/IP, subnetting, routing, switching, and network infrastructure fundamentals.
- Studied network security, wireless technologies, protocols, and common networking devices.
- Developed an understanding of network protocols, OSI model, Ethernet, and network performance concepts.
- Gained practical knowledge of network troubleshooting, connectivity issues, and infrastructure diagnostics.

CERTIFICATES

- **AWS Cloud Practitioner | Amazon Web Services | [Verify Here](#)** July 2026
- **AWS Academy Graduate | AWS | Cloud Foundation Training Badge | [Verify Here](#)** May 2026

ACHIEVEMENTS

- International Opportunity** June 2026
Secured consideration for an international post-graduation employment opportunity with WiSys Riyadh following successful internship performance.
- Team Leader - H.D.F.C Life** October 2024
Led and mentored 20+ fresh candidates, identified top-performing talent, and managed team collaboration to achieve strong performance.
- Internshala Student Partner (ISP) | [Joining Letter](#)** May 2024
Selected as an Internshala Student Partner (ISP), representing Internshala at the university level and promoting career opportunities among students.

EDUCATION

- Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering
CGPA: 9.34 August 2025 - Present
- North Calcutta Polytechnic** Kolkata, India
Diploma In Mechanical Engineering;
Percentage: 70 September 2021 - June 2024
- International Indian School, Riyadh** Riyadh, Saudi Arabia
Matriculation;
Percentage: 78 April 2021 - March 2021
