Subject: Internship for B.Tech. (Computer Science and Engineering) [Lateral Entry] student from Lovely Professional University

Dear Sir/Madam,

Lovely Professional University has been a front-runner to improve standards of higher education in the country. The University, through its innovative pedagogical interventions, focuses on enhancing experiential learning with support and engagement of the industry.

The School of Computing and Artificial Intelligence grooms the student through analytical teaching, live projects, and active interface with industry professionals. As part of curricular requirements, the students are expected to undergo an internship in industry for gaining exposure to corporate practices and work environment.

We shall be grateful if you provide an internship opportunity in your esteemed organization to Aquib Jawaid Ansari bearing Registration Number 12508688 for 2 months, where the internship is expected to end on or before 7th August, 2026.

We are confident that the student will contribute to value creation and meet your expectations if he/she gets an opportunity for internship.

We look forward to a favorable response.

Best Regards,

Dr. Nishant Agnihotri
Associate Professor
School of Computing and Artificial Intelligence
Lovely Professional University, Punjab
